

OPERATIONAL GOVERNANCE STACK v1

Turning Governance Principles into Operational Execution

GERALD
ON
GOVERNANCE
STANDARD

LAYER

5

GOVERNANCE OVERSIGHT LAYER

- Strategy & Objectives
- Risk Appetite & Compliance
- Board Reporting & Assurance
- Governance Metrics

QUESTION:

Are AI systems operating within organizational objectives, risk appetite, and governance expectations?

OUTCOME:

Strategic oversight and assurance at the organizational level.

LAYER

4

ACCOUNTABILITY LAYER

- Ownership & Stewardship
- Decision Rights & Authority
- Roles, Responsibilities & (RACI)
- Escalation & Accountability

QUESTION:

Who owns the AI system, its decisions, outcomes, and failures?

OUTCOME:

Clear accountability and authority for actions and outcomes.

LAYER

3

CONTROL LAYER

- Policies → Operational Controls
- Rules, Guardrails & Constraints
- Model & Data Governance
- Access & Permission Controls

QUESTION:

How are governance expectations translated into enforceable operational controls?

OUTCOME:

Consistent, enforceable controls embedded into operations.

LAYER

2

RUNTIME GOVERNANCE LAYER

- Continuous Monitoring
- Runtime Enforcement
- Human Override & Intervention
- Anomaly Detection & Response
- Recovery & Containment

QUESTION:

How do we monitor, constrain, and intervene while AI systems are actively operating?

OUTCOME:

Real-time governance, intervention, and operational resilience.

LAYER

1

EVIDENCE LAYER

- Logging & Audit Trails
- Traceability & Explainability
- Metrics & KPIs
- Audit, Reporting & Retention

QUESTION:

How do we prove governance happened?

OUTCOME:

Verifiable evidence and auditability that builds trust and supports accountability.

PURPOSE

Close the Governance Gap by embedding governance into every layer of AI operations.

PRINCIPLE

Governance is not documentation. Governance is operational capability.

OUTCOME

Trusted AI systems. Accountable outcomes. Sustained organizational confidence.

GERALD ON GOVERNANCE

Turning AI Governance Principles into Operational Reality.

Gerald.

GOVERNANCE THAT OPERATES.
TRUST THAT SCALES.
